

# The FREELAND AD LETTER

VOL. 7 NO. 2

Published every other week

JANUARY 19, 1963

## SCHOOL NEWS

The end of the first semester is almost upon us. As most of you parents are probably aware, because of the added interest on the part of the students in their studying for semester exams.

With the start of the second semester, there will be two major changes at the Freeland Community Schools. We are shooting for accreditation by the University of Michigan and in meeting with their requirements it will be necessary to add two additional teachers and a few adjustments in the various classes.

Mr. John McInnis, a Math Major from Central Michigan University, will assume the duties of a Junior High Math teacher and he will teach two sections of 9th grade General Math starting on January 28, 1963.

Starting on February

4, 1963, Miss Della Akehurst, a graduate of Central Michigan University, with a Library Science Major, a Science Minor, will take over as Librarian of the Freeland Community Schools.

It will be necessary to make some changes in the schedules of some of the other teachers so as to better adapt ourselves to accreditation.

I would like to take this opportunity to thank the citizens who returned the questionnaires regarding their opinions on lighting the football field. The questionnaires returned indicated that the Board should take the necessary steps for this improvement but due to the percentage of the questionnaires sent out, we did not feel that we could make an immediate decision at this time. Therefore, we tabled this for further discussion and consideration. After the

above action, by the Board of Education, a representative group, from the Athletic Association met with the Board and presented a petition which they had circulated within the district. The petitions indicated that the Board should take the necessary steps for this improvement. After much discussion, it was mutually agreed that since there was not an immediate time factor involved in completion of this project, it would be wise to delay the action until we have more time for a thorough evaluation of this improvement.

I would like to repeat that you should listen to the Saginaw, Bay City or Midland radio stations for reports on the closing of school because of inclement weather conditions. During the day, if it should be necessary to send students home early, these same sta-

### HERE'S ONE FOR YOU

A pilot flying over an island one mile long and half a mile wide, saw a fire raging at the north end. The wind, he noted, was from the north.

In the middle of the island was a shepherd with a flock of sheep. Their danger was apparent, for the entire island was covered with grass, and all sides dropped precipitously into the sea, so much so that descent for man or beast was impossible; so the pilot headed for the mainland and help.

When the rescue party finally approached the island, they found it completely burned over but the shepherd and his sheep were unharmed. How? (answer on page 3)

tions will make announcements periodically. If at all possible, I will have announcements of school closing on the air by 6:30 A.M.

...Robert O. Young,  
Superintendent.

### NEW RADIO PROGRAM FEATURES LOCAL PASTOR

"The Lutheran Question Box" will begin its broadcasts on February 4th on station WSAM, AM and FM. It will be a fifteen minute program and can be heard on Mondays at 7:45 P.M. Rev. J.C. McCollister of Freeland, has been elected by the Saginaw Lutheran Ministers Association to narrate the program and act as moderator. A guest pastor will be featured each broadcast. Questions concerning the Lutheran Church, that are sent in by listeners, will be answered each week...

A man of words, and not of deeds,  
Is like a garden full of weeds;  
For when the weeds begin to grow,  
Then doth the garden overflow.

ANSWER: Since the wind was blowing from the north, the shepherd lit a fire south of his flock. As it burned southward, he moved his flock south over the burned-out area. When the first blaze reached the burned-out area, it extinguished itself for lack of sustenance.

## Survey Shows 12,915,000 To Be of Jewish Faith

• There are 12,915,000 people of the Jewish faith in 122 countries, according to results of a statistical survey completed by the World Jewish Congress in New York.

It said that 93.7 per cent, or 12,175,000, of the world's Jewish population are in 11 lands, with nearly all of them in three countries. These are the United States with 5,500,000; Russia with about 2,300,000; and Israel with 2,200,000.

The survey showed that with the emigration of Jews from Algeria and other parts of North Africa, France now has the fourth largest Jewish community, with 500,000.

Next in line are Argentina and Great Britain with 450,000 each; Canada, 250,000; Romania, 150,000; Brazil, 140,000; Morocco, 125,000; and South Africa, 110,000.

## SMART BIRDS

Did you ever see a bird with only one eye? Did you ever see a blind Bird?

A prominent naturalist made a study of birds to see why so few

Freeland, Michigan.

of them suffer eye injury and he learned that birds are more cautious and alert than humans. He also learned that they have a third eyelid, the nictating membrane, which falls over the eye like a goggle when there is danger of dirt or dust.

We humans have no such extra lid, but we do have goggles which perform the same kind of service; The big difference is that the birds Always use their third eyelid, while only a small percentage of humans are smart enough to protect the eyes.

We can learn a lot from the birds, and it might be good to be called a "smart bird."

## Athletic Association to Sponsor Dance

The Freeland Athletic Association has planned a Valentine Dance to be held on February 2nd (Saturday) from 9 pm to 1 am at the High School. Music will be furnished by the Arthur Hill Dance Band, the band that made such a big hit when they played for the Roarin' Twenties Dance a couple of months ago. Donation will be \$2.00 per couple. The proceeds of the dance will be turned over to the High School "Bleacher Fund." Tickets now on sale....

I sometimes doubt the goodness  
Of that everlasting bore,  
Whose love embraces mankind  
But skips the man next door.
